

DMS RETROFIT UPGRADE PROGRAM (DRUP) FOR OVERHEAD, ROADSIDE, AND OTHER PERMANENT MESSAGE SIGNS

GENERAL OVERVIEW

Our world class LED technology brings exceptional visual performance and reliability to existing signs that have been in operation for many years. **AM SIG** Made in America DRUP systems benefit greatly from decades of experience, as a leader in mobile LED DMS. Thousands of **AM SIG** mobile DMS are operational with DOT's in North America and Europe. These signs endure considerably more physical punishment than stationary DMS. In addition, **AM SIG** has a considerable number of overhead changeable signs in operation.
